### Student Success - Degree/Certificate Awards

#### Data Description

Academic Year	Degrees	Certificates	Skill Awards
2006-2007	10	47	0
2005-2008	12	48	0
2008-2009	8	45	0
2009-2010	13	30	0
2010-2011	13	31	0
2011-2012	8	26	0

### Data Review and Analysis for Degree/Certificate Awards

Respondent(s)

Prof David Jordan, Director of Paralegal Studies Program

Analyze trends in Degree/Certificate Awards over the period for which data were provided, using detailed breakdowns as necessary. Where college-wide data is provided, compare discipline to college-wide trends. Also, discuss college-wide or discipline-department specific factors as they relate to these trends and note the implications on your discipline/departments operations or planning.

It appears that we are graduating about 34 students with a paralegal certificate for the 2011-2012 period. This is down from an average of over 40 every year for the 2006-2011 periods. I would like to have an audit performed on the number of certificates as the above count for 2011-2012 is not an accurate count.
